

**NOTICE TO DESIGN BUILDERS
REQUEST FOR PROPOSAL
WSDOT DESIGN-BUILD PROJECT**

October 4, 2010

I-5, JOE LEARY SLOUGH TO NULLE ROAD VIC – PAVING, Design-Build Project (Skagit and Whatcom Counties)

The Project requires design and construction of pavement preservations to approximately 11.6 miles of I-5 Northbound Mainline including all interchange/rest area/median crossing areas that are within WSDOT ROW, MP 231.79 to MP 243.30; utilizing Dowel Bar Retrofit, Mill and Fill, Overlay, and Crack and Seal and Overlay rehabilitation methods. This Project also includes three bridge rail retrofits and other work. The estimated value is in the range of \$15,000,000 to \$20,000,000. Contains Condition of Award DBE Goal: 10%.

WSDOT anticipates issuing a one phase procurement Design-Build project. Qualifications and the Technical Proposal will be combined with the submittal of one Proposal package. The Proposal package will contain the qualifications of the Design-Build team and will be a pass-fail determination of the team's ability to provide the necessary working experience with WSDOT and expertise to perform the Work. The Best Value score will be determined based on the total technical score of the Proposal's scope of Work and Proposal Price.

Proposals will be received by the Washington State Department of Transportation at: Attn: Dave Mariman, Room SA-19, 310 Maple Park Avenue SE, Olympia, Washington 98504 – 7360. The right is reserved to reject any and all bids and to waive informalities in the submittal process.

Firm's interested in submitting on this project should contact Dave Mariman at the address above to request to be added to the list to receive future notices on this project. Provide contact name, address, phone, fax and e-mail address.
